PROFILE SUMMARY

I am a motivated and enthusiastic software developer with a solid foundation in programming languages like JavaScript, Python, and Java, and experience with front-end and back-end development. I've worked on building responsive websites and applications using technologies like HTML, CSS, and Node.js.

EDUCATION

Sree Dattha Institute of Engineering and Science 2021-2025

- Bachelor of Technology
- CGPA : 7.3

Vaibhav Junior College 2020-2021

- Intermediate(MPC)
- GPA: 7.0

SKILLS

- Programming Languages
(HTML, Python, Java, CSS, JS)
- Problem-Solving
- Adaptability
- Time Management
- Effective Communication
- Quick Learner

LANGUAGES

- English: Fluent
- Telugu: Native
- HIIndi: Fluent

INTERNSHIPS

Bharat Intern

2024

Web Development

- Developed responsive web pages using HTML, CSS, and JavaScript, ensuring a consistent user experience across devices, which led to a 15% increase in mobile engagement.
- Created custom CSS styles and animations to enhance the UI's visual appeal, improving user engagement.

CodSoft

2024

Artificial Intelligence

- Developed and fine-tuned machine learning models (e.g., decision trees, neural networks) using TensorFlow and Scikit-learn to predict outcomes and classify data with 85% accuracy.
- Evaluated model performance with metrics like precision, recall, and F1-score, optimizing models to meet performance targets.

PROJECTS

Portfolio Website

- Designed and implemented the website using HTML, CSS, and JavaScript, achieving a clean, modern look that highlights projects effectively
- Evaluated model performance with metrics like precision, recall, and F1-score, optimizing models to meet performance targets.

Banking System

- Designed a secure user interface using HTML, CSS, and JavaScript, allowing users to perform actions like balance inquiries, deposits, withdrawals, and fund transfers.
- Created and managed a relational database with MySQL to store user data and transaction history, ensuring reliable data retrieval and transaction logging.
